Exhibitor highlights

****** ALL ROSES MUST BE ENTERED AND PLACED and ready for Judging by 9:30 am. ******

Entrants can come to the library as early as 7:30 am to prepare your roses for the show.

To help the day run smoothly, we strongly suggest you get your Rose Tags before the day of the show. If you would like tags in advance, please e-mail Valerie Hanley at yhteacher2016@gmail.com or check the following locations: Rogers Memorial Library circulation desk, Fowler's Garden Center, and Eastlands Garden Center. Tags will also be available on the day of the show.

Before you arrive, have your roses *tagged* with your name, the rose name, etc. Attach the tag with an elastic band to the neck of the bottle.

At the show, a Rose Show official will check them and place them on the show tables for you....and that's it! It is not uncommon for a novice to win a trophy! In fact, last year's show which operated at a limited capacity saw many new faces and winners much to the joy of all.

It's *important to* know the name of your rose and its classification (for example, "hybrid tea," "grandiflora," or "shrub rose"). If you know the name of your rose, but you don't know its classification, you may check its category in a copy of the American Rose Society *Handbook for Selecting Roses*, which will be available at the show. The handbook can also be ordered on the official ARS site.

If you don't know the name or classification of your rose, SRS volunteers will also be at the event to help you the morning of the show.

Feel free to email Rose Show Chair Valerie Hanley at the email address above before the show if you have questions or need help before the show.

IF YOU WIN A TROPHY OR A RIBBON, please be present promptly at 3:30 pm for our awards presentation. Only members of the Southampton Rose Society can take home a trophy. Trophy winners are responsible for engraving trophies *at your expense* if you are a winner. If you do not plan to engrave a trophy with your name, then do not take a trophy home. All trophy winners will be asked to sign for their trophy and pose for a photo. Any ribbons you win are free for you to take home. Trophies must be returned engraved and polished to the SRS no later than May 2023 to be awarded to a new winner in 2023.

New exhibitors and members are welcome. Membership in the SRS is \$60, and may be purchased online at southamptonrose.org or at the show.

The show is governed by the standard rules, regulations, and guidelines of *The American Rose Society (ARS)*. All entries are to be grown outdoors by the exhibitor. Only members in good standing of the Southampton Rose Society *may take possession of trophies*.

Visitors

The event will open to the public from 1:30 to 4 pm after the judging has finished.

What AND HOW TO EXHIBIT

Roses are shown by their *American Rose Society* Exhibition *name and spelling*. With the exception of roses listed as Large Flowered Climbers, all types of roses listed as Climbing Sports are entered in the respective bush type classes.

A bloom is to have *one-bloom-per-stem* with no sidebud(s). However, Shrubs and Old Garden Roses may have sidebud(s). A spray is to have two or more blooms with or without sidebud(s). Foliage should be clean and free of spray residue. It's most important that *stem length should be proportional to the size of the bloom*.

All roses are shown in exhibition stage unless otherwise noted. Exhibition stage blooms should predominate in a spray class. At the time of judging, an exhibition stage rose should be at its most perfect phase of beauty, which is usually *one-half to three-fourths open*. A bud is to show full color and be not more than one-fourth to one-third open; a fully open bloom must have stamens easily visible.

Exhibition type roses have a high center with petals arranged in an attractive circular outline. Decorative type roses which lack a high center and circular form tend to be loose and informal. Note the difference between exhibition type roses and exhibition stage of beauty (defined above).

The clear glass containers supplied by the club will be used as follows: Large containers for Collections of two or more stems in water; smaller bottles are for the single stem Specimens.

Entries are disqualified for the following reasons: Misnamed, misclassified, unlabeled, misnamed. The appearance of the exhibitor's name in any location other than the designated places in the entry tag; presence of foreign substance applied to the foliage, stem or bloom to improve the appearance of the specimen; not dis-budded if exhibited in a Class of one-bloom-per-stem specimens; an entry in violation of American Rose Society Rules or local society rules; an entry placed or groomed *after the close of entry time*; presence of exhibitor on show floor during the judging if not authorized by Show Chairperson.

New Category- Mystery Rose

Not sure what type of rose you have? Then, enter our Mystery Rose category. This category is just for fun, and it is the category to enter that special rose from your garden that you may not be able to identify. No trophy will be awarded; first-place ribbon only. The category will be judged by an SRS board member. With any luck, someone will be able to name your rose for you to help you solve your mystery. Only one mystery rose entry per exhibitor.
